

## **AHERA ANNUAL NOTIFICATION**

DATE: September 5, 2019

FROM: Asbestos LEA Designee

TO: Parents, Guardians, and All School Employees

SUBJECT: Inspection Notification

In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA 763.92), we performed asbestos re-inspections of each of our school building materials. The inspection findings are in the asbestos management plan and are on file in the Safety Risk Management office at the BOCES Olean Center.

The EPA requires us to perform re-inspections of the asbestos materials every three years. Periodic surveillance is conducted in each of our school buildings every six months.

All asbestos material in the school buildings remains in good condition and we will continue to manage them in place as recommended by EPA guidelines.

You are welcome to view the management plan anytime during normal school hours (Monday through Friday, 9am to 3pm). The Asbestos LEA Designee is available to answer any questions you might have about our asbestos in our buildings. They can be reached by calling 1-716-376-8249.
